PROFESSIONAL PROFILE

A highly motivated and hardworking Data Science student with strong interests in data analytics, software development, database management, cloud computing, and artificial intelligence. Possesses excellent analytical and problem-solving skills developed through academic projects and practical training. Passionate about using technology and data-driven approaches to solve real-world challenges and improve organizational performance. Demonstrates leadership abilities, teamwork, adaptability, and commitment to continuous learning.

EDUCATION BACKGROUND

Level	Institution	Year	Award/Performance
Bachelor Degree in Data Science	Eastern Africa Statistical Training Centre (EASTC)	2023 – 2026	Bachelor Degree in Data Science (Ongoing)
Advanced Certificate of Secondary Education (PCB Combination)	soya Boys	2021 – 2023	Division I, Point 9
Certificate of Secondary Education	Alfagems sec school	2017 – 2020	Division I, Point 11

LEADERSHIP EXPERIENCE

Position	Organization	Year
Religious Discipline Leader	Advanced Level School	2021 – 2023

Served as a Religious Discipline Leader responsible for promoting discipline, ethical conduct, cooperation, and positive relationships among students while supporting school administration in maintaining a conducive learning environment.

TECHNICAL SKILLS

Programming Languages

- Python
- R Programming
- SQL
- JavaScript
- PHP

Data Science & Analytics

- Data Cleaning and Preparation
- Data Visualization
- Statistical Analysis
- Machine Learning Fundamentals
- Data Mining Techniques

Database Management

- MySQL
- PostgreSQL
- Database Design
- Query Optimization

Web Development

- HTML5
- CSS3
- JavaScript
- PHP
- REST APIs

Cloud Computing

- Git & GitHub
- Vercel Deployment
- Render Deployment
- Cloud Application Hosting

Software Tools

- Microsoft Office Suite

- Visual Studio Code
 - Jupyter Notebook
 - Power BI
 - RStudio
-

PROJECTS

Data Driven Waste Management System

Designed and developed a data-driven waste management system aimed at improving waste collection, monitoring, and reporting processes through data analysis and digital technologies. The project focuses on supporting environmental sustainability and efficient resource management.

Personal Portfolio Website

Developed a professional portfolio website showcasing academic background, technical skills, projects, and contact information. The website is deployed using modern cloud platforms.

Data Analytics Dashboard

Developed interactive dashboards for data visualization and reporting to support evidence-based decision-making and organizational performance monitoring.

FIELD ATTACHMENT / PRACTICAL TRAINING

Tanzania Revenue Authority (TRA)

Field Attachment Student

Participated in practical training activities involving data management, information systems, professional workplace practices, and organizational operations. Gained valuable experience in applying theoretical knowledge to real-world situations.

PERSONAL ATTRIBUTES

- Strong analytical thinking
- Problem-solving skills
- Leadership abilities
- Effective communication skills
- Teamwork and collaboration
- Adaptability and flexibility

- Time management
 - Commitment to continuous learning
-
